

You are invited

Hazardous materials run through our cities and towns every day. Safety of first responders and the public is a top priority in dealing with an incident involving the hazardous materials. Join us for a TRANCAER* workshop and hands-on demonstration of rail car safety.

*TRANCAER® (Transportation Community Awareness and Emergency Response) is a voluntary national outreach effort that focuses on assisting communities to prepare for and to respond to a possible hazardous materials transportation incident.

When: Sunday, September 7, 2014

Where: Chinook Winds Fire Station
and Headquarters
2525 Chinook Winds Drive SW
Airdrie, AB T4B 2X3

RSVP by email or phone to:
